

IITM Inaugurates Rooftop Solar Power Plant 184.14 KW Capacity funded by 75' and 95'Batch

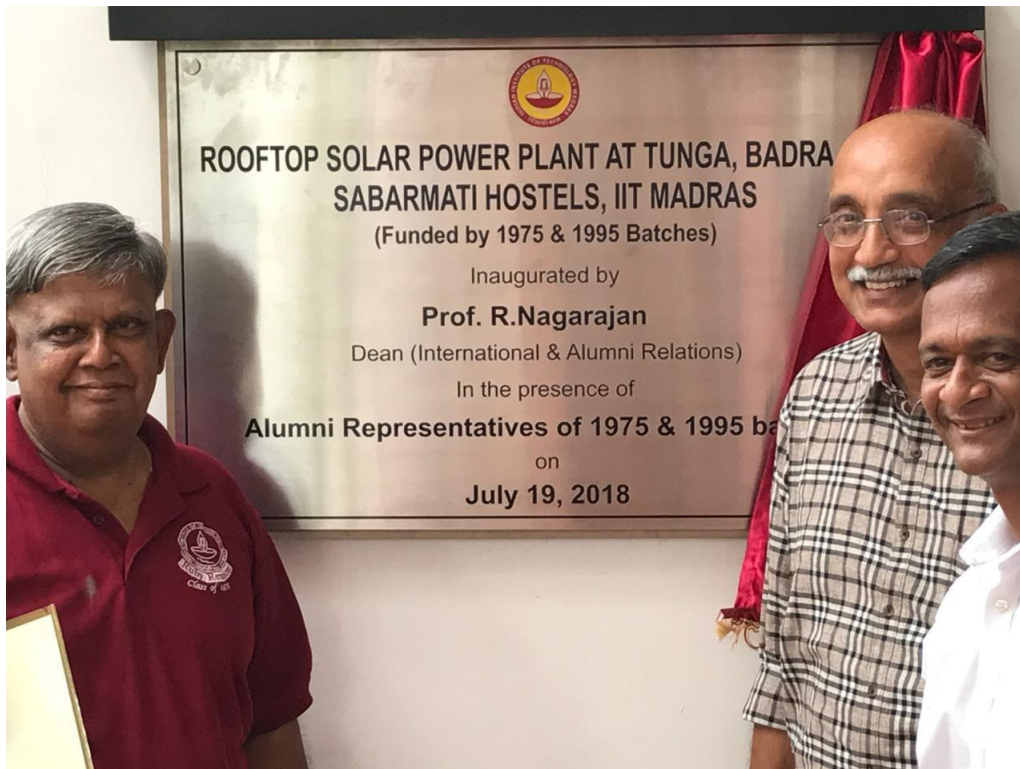

The 1995 and 1975 batches have contributed Rs.98 Lakhs to install Rooftop Solar Power Plant in Hostels viz. Tunga, Badra and Sabarmati and Central Library. The event happened on 19th of July 2018 at Sabarmati Hostel, IIT Madras. The project was inaugurated by Prof. R. Nagarajan, Dean I & AR. Total installed capacity of the Plant is 184.14 KW and the generated power will be supplied to local grid and would support the energy needs of the institution. The plant is expected to generate 825 KWh of energy per day and the annual savings of total installed capacity of the plant is Rs.25.20 Lakhs. IIT Madras thanks all the donors for their generous contributions.

The overall cost split for 184.14 kW plant at Hostels.

Rooftop capacity of Tunga	37.62 kW
Rooftop capacity of Badra	37.62 kW
Rooftop capacity of Sabarmati	37.62 kW
Rooftop capacity of Central Library	71.28 kW
Total Plant capacity	184.14 kW

Few Alumni from the 1995 and 75' Batch attended the event and below link shows few pictures.
